Graves marked thus appear to be damaged by cannon shells

Main Carriageway

This area above outlined above with a **Bold Line** was sub-divided for the burial of children. Very few of the graves have visible markers and there are obvious over-burials which do not relate to the Council Records.

This area above outlined in bold was sub-divided for the burial of children and the record is indistinct and difficult to relate to the three graves that are visible on the ground. Those graves are placed as nearly as possible to the correct position on the ground and outlined with a solid line but the names do not tally with those shown on the record. The Plot Numbering cannot be guaranteed as correct.
